VMAC Teams with US Saws to Showcase “Green” Pneumatic Tools

NANAIMO, B.C. – July saw the roll out of the US Saws newly designed demo truck equipped with a VMAC UNDERHOOD 150 and dressed up to ensure people take notice. The new truck wrap - designed in partnership between US Saws and VMAC - showcases some of the best features of US Saws and VMAC technologies combined.

"We have talked about emphasizing the low emissions and the efficiencies that can be obtained by combining the VMAC with our air tools," said a pleased Warren Duncan, one of the owner-partners of US Saws. The truck, which was picked up

in Nanaimo, BC on June 25th, features a clean environment-themed design that turns heads when rolling down the street, further illustrating the green features of the powerful pairing of equipment.

US Saws, one of VMAC's customers and promotional partners, utilizes the newly designed demo truck to showcase the terrific features of US Saws pneumatic tools in combination with one of VMAC's compact, powerful vehicle-mounted air compressor systems.

For more information about VMAC, VMAC UNDERHOOD and VMAC Hydraulic Air Compressor Systems and Throttles, visit www.vmacair.com or call 1-800-738-8622.

#####

US Saws manufactures and sells specialty saws and tools to the construction industry, servicing the Water and Sewer Industry, Rental Industry and the Concrete Repair and Specialty Coating Industry. Pipe saws, specialty diamond blades and beveling equipment are made available through a Distribution Network of pipe distributors. <http://www.ussaws.com/>

VMAC is a manufacturer of compact, powerful air compressor systems for the mobile-mechanic, tire service, utilities and construction industries. Specializing in UNDERHOOD and Hydraulic Above-Deck Systems, VMAC is credited with developing the lightest and most compact mobile air compressors available in the industry.
